STOP SUFFERING!

**Get Your Total Life Back With Our
All-Natural, Doctor-Formulated,
Quadruple-Potent Arthritis
and Joint Support Supplement.**

GET STARTED FOR FREE!

**FINALLY, there is PROVEN HELP for
your endless joint pain and frustration
with arthritis. Where your hands, knees, back, neck,
shoulders and hips simply work
— Just like they did years ago —
with far less or even ZERO discomfort and pain!**

The best part: This all-natural, USA-made and doctor-formulated supplement remedy is 100% safe, doesn't cause scary side effects like those expensive drugs, and can help you avoid going under the knife. For life!

"I tried everything under the sun... chiropractic visits, prescription pain pills, injections, and more. MAX BLEND Joint Support is the only thing on this green earth that has helped me.

I can [now] do things I care about — like going for walks, riding my bike and most importantly playing with my grandchildren.”

- Ivan D.

“It’s MORE than just the pain. It’s how that pain prevents me from living!”

You’re probably nodding your head as you read that. Many people who suffer from arthritis, osteoarthritis and other degenerative joint diseases feel the same way. Maybe you do as well.

- You want to spring out of bed in the morning and attack the day... **but your knees and feet say NO.**
- You wish to make an amazing home-cooked meal or email all of your friends... **but your hands won’t let you.**
- You hope to go for a long walk, ride a bike or play a sport you used to love... **but your pain-stricken body just wants to sit and watch TV.**

Before it was just a nuisance. Just a minor pain that came and went. Just a rare obstacle in your normally productive and active life.

**Today your arthritis pain is more intense.
More frequent. More predictable.**

More than influencing **what you do**... your arthritis pain is influencing **how you live**.

Keeping up with Facebook is even painful. Opening that jar of pickles — Forget it! And not being able to pick up or play with those amazing children in your life — that’s when you know...

You Just CAN’T Go On Living Like This Anymore!

You begin to crave the days when you could do just about anything you wanted morning, noon and night. There was no fear. There was no frustration. There were no tears. And of course, **there was no pain.**

What you would give to live life to the fullest again! To enjoy every minute of the day without your brain constantly nagging you:

“What if I can’t?”

“What if the pain returns?”

“What will be my excuse this time?”

So You Become Dedicated and Determined to Take Your Life Back

Thinking it’s an easy fix, you start small. You rub on a few topical creams and ointments on your painful joints. After no relief, maybe you try another cream. And another. Perhaps you get a brace. The benefits are minimal, if any. After enduring more pain — more frustration — you realize you need more than simple surface solutions.

So you consider immediate pain relief. You begin with small and infrequent doses of Tylenol or Ibuprofen. Maybe they work a little. Maybe they don’t. So you increase the dose. You increase the frequency.

Before long, you’re becoming dependent on these drugs. Although they help ease the pain a little, **you know it’s not good for your long-term health.**

As the arthritis pain grows from a 2 to a 4 to a 6 or 7, that little pill no longer does the trick. You need something stronger. Something more immediate. Perhaps you consider cortisone steroid injections. Problem is: Those wear off pretty quickly. Even worse, research shows long-term use of steroids **can actually make your joint damage WORSE!**

Maybe you thought about shifting from over the counter pain relievers to a more intense prescription pain medicine. Codeine. Oxycodone. Effective for pain control? Yes. However, the **side effects (not to mention the outrageous costs) are downright scary.** And long-term use can be very addictive and dangerous.

What’s left... Surgery?

Finally, as your arthritis pain grows beyond a level 7 or 8, many sufferers consider surgery. GULP!

- **First, surgery is NEVER a guaranteed fix**, and it always comes with great risks — not just to your joints, but also to your life.
- **Second, recovery time can be very long and painful** — with one problem after another (infections, blood clots).
- **Third, surgery today is incredibly expensive**, even with good insurance.
- Plus, your first surgery may be **the first of MANY future surgeries**.

If pills and potions don't work... if injections and surgeries are too expensive and dangerous... what's left?

Do you just accept that your body is breaking down, and your life will never be the same? Or do you fight it with everything you have?

There Just HAS to Be a Better Long-Term Pain Relief Option Than Ineffective Remedies, Dangerous Drugs and Costly Surgeries.

FINALLY, THERE IS.

Introducing a powerful supplement called MAX BLEND Joint Support.

“MAX BLEND” because it's a blend of **today's most potent and proven ingredients that deliver the maximum amount of the right nutrients to your joints.**

Most arthritis supplements today simply provide one active ingredient. Maybe two. Then they pile on a bunch of cheap, inactive ingredients that make the supplement seem more effective.

It's marketing, not medicine.

MAX BLEND Joint Support contains the RIGHT combination of the RIGHT ingredients at the RIGHT dose for amazing results.

Get Your Life Back!

Yes, I want to put an end to my arthritis pain, stiffness and lack of mobility. I'm ready to live without pain and discomfort.

**GET YOUR FREE 30-DAY TRIAL

Discover How 4 Powerful Ingredients Deliver Quadruple The Potency (And possibly quadruple the pain relief!)

Today's science, research and studies PROVE there are **4 main ingredients that actively fight and even reverse arthritis symptoms.** Each of these 4 main ingredients plays an active and critical role to reducing your arthritis pain and giving you your life back.

Each of these 4 main ingredients in MAX BLEND Joint Support works to:

- **Naturally rebuild critical joint cartilage**
- **Preserve (and even reverse) joint health**
- **Improve joint flexibility**
- **Alleviate discomfort and pain**
- **Add necessary lubrication to joints**
- **Produce flexible skin and muscle tissue**
- **Possibly REVERSE arthritis completely — No matter the stage!**

And beyond simply utilizing the RIGHT ingredients, this proprietary doctor-formulated blend has been intensely studied and scrutinized to find the absolute RIGHT amounts of these ingredients.

It All Began With a Practicing Doctor Who Had One Goal: To See His Patients Get Better

All doctors naturally want the best for their patients. However, few doctors will invest years in researching and testing to make sure they're prescribing the absolute best remedy for their patients.

Regardless if it helps them financially or not.

Regardless if it is the “quick and easy” prescription or not.
Regardless of what other doctors are prescribing to their own patients.

That’s the philosophy one such doctor has lived by. In his **19 years of practicing medicine**, he has seen **THOUSANDS of arthritis patients of all degrees of suffering**.

Some who were young and simply had hints of discomfort.
Others who were starting to feel pain in one or two joints.
And many who were at their wits end — willing to do ANYTHING to finally get just ONE day of peace and comfort.

Of course, his patients asked for dangerous drugs. They begged for steroid injections. Many even demanded surgery.

Caring for the patient as much as the end result, this doctor always favored prescribing safe and effective supplements. But which supplements? Through pain-staking research... through trial-and-error... and by using his patients as a test bed for years...

He Finally Discovered the RIGHT 4 Ingredients and RIGHT Amounts That Can Give You Your Life Back! Glucosamine Sulfate, Chondroitin, MSM and Turmeric.

This 19-year practicing doctor saw absolute AMAZING results when he created a proprietary blend of these 4 active ingredients. It’s the perfect combination and the perfect dose to help build cartilage in the body and effectively relieve joint pain.

Within just months — or even WEEKS — his patients would visit him again and recite story after story about how they went from bedridden to walking miles! From struggling to type to easily writing their very first novel! From hurting when picking up the mail to happily lifting their grandchildren in the air!

The more stories he collected, the more patients’ lives he helped changed, **the more he knew the rest of the world NEEDED this extraordinary blend of safe ingredients**. So people just like you can start living life to the fullest...

Without discomfort. Without frustration. Without sacrifice. Without pain.

Get Your Life Back!

Yes, I want to put an end to my arthritis pain, stiffness and lack of mobility. I'm ready to live without pain and discomfort.

Here's a peek inside each potent and proven ingredient that's found within the potent and proprietary blend of MAX BLEND Joint Support supplements.

Glucosamine: Why Countless Arthritis Victims Got Their Lives Back!

Just a quick Google search delivers millions of pages of research, studies and reports about glucosamine. It's simply more definitive proof that this powerful supplement should become a central part of everyone's life — whether you suffer from arthritis or not!

Let's start with the science. Glucosamine is a sugar-protein compound that's naturally found within the cartilage of our joints. It's our bodies' natural shock absorbers and joint lubricants.

With the right amount of glucosamine, we freely move without any pain. As if we are in our twenties! Yet, as we age, we lose this all-important natural lubricant. The less glucosamine in our bodies, the MORE PAIN we feel in our joints, bones and muscles.

This single supplement possesses natural anti-inflammatory and anti-aging properties.

Joint deterioration and loss of critical cartilage are the reasons behind your arthritis and pain. Thankfully, in study after study, glucosamine has been proven to build cartilage naturally. Not only can this new cartilage alleviate many arthritic symptoms, in many people... **it's actually reversed it!**

It's like turning back the hands of time!

Wait, it gets even better! This near-miracle supplement does even more. In multiple studies, glucosamine has been proven to:

- **Lower inflammation and even reverse autoimmune reactions**
- **Reduce joint pain and tenderness**
- **Preserve joint health**
- **Protect and repair gut lining**
- **Fight irritation to the stomach, bladder and intestines**
- **Rebuild tissue and stronger bones following fractures or injuries**

While there are many glucosamine supplements on the market, there IS a difference. “Glucosamine sulfate” is by far the most recommended form of supplement. It's the “sulfate” that helps produce the critical cartilage. Steer clear of “glucosamine hydrochloride” or “N-acetyl glucosamine” — the results are not proven.

MAX BLEND Joint Support contains the perfect doctor-formulated dosage of glucosamine sulfate to deliver the maximum arthritis-fighting, joint-preserving, cartilage-creating benefits to you.

Chondroitin: Today's Safe Answer to Joint Pain Relief

It's no secret — The more we age, the more our bodies break down. And it starts with your joints. Your hands and fingers. Your knees and feet. Even your neck, back and hips. **This “breakdown” is actually the loss of cartilage** — the slick surface that cushions your bones.

The more cartilage you lose, the more bone-on-bone grinding you suffer. The result: Pain, stiffness and swelling. Frustration, fear and simply giving up.

Enter Chondroitin... the hero. Why?

Because chondroitin helps rebuild critical cartilage naturally!
More cartilage = Less pain.

Regenerate enough cartilage in your joints, and life gets so much easier. Bouncing out of bed in the morning. Working with your hands with zero pain. Even enjoying the outdoors again with long, enjoyable walks.

Chondroitin is a natural substance found within all of our bodies. It's a major component of cartilage. Because chondroitin retains water, it helps add lubrication and flexibility to joints. This is why it's quickly become one of today's most sought-after joint-supporting supplements.

Recently, the largest-ever clinical chondroitin study took place at the University of Utah's School of Medicine involving over 1,500 patients. The results: About 79% had a 20% or greater reduction in pain. In fact, it worked better than an expensive prescription did — And with no side effects!

The form of chondroitin in MAX BLEND Joint Support is known as chondroitin sulfate — which includes mineral salts that help improve absorption.

The doctor behind this potent supplement formulated MAX BLEND with the ideal amount of chondroitin sulfate to provide mild arthritis sufferers a proven solution to their pain... moderate pain sufferers with the gift of pain-free days... and advanced arthritis victims with a chance at a normal life.

MSM: "The Miracle Supplement"

As reams of research surface praising MSM as a highly effective supplement in improving joint flexibility... and as doctors worldwide are referring to MSM as “The Miracle Supplement” ... far too many arthritis sufferers are unaware MSM even exists.

While glucosamine and chondroitin are thrust into the limelight as arthritis- and pain-reversing heroes, **MSM is in the background quietly changing lives every day.**

Did you know that sulfur is one of the most critical nutrients in our bodies to keep us youthful, energetic and flexible? However, today sulfur is depleted in our soil or quickly lost in the cooking process.

Our bodies are craving this all-important nutrient. But where do we get it?

That’s where MSM (Methyl-Sulfonyl-Methane) comes in — A potent joint supplement that restores joint flexibility.

This sulfur-rich supplement is proven highly effective in improving joint flexibility. Plus, it also helps to produce flexible skin and muscle tissue. As we age and our bodies become stiff and our cells become rigid, our energy plummets. And fast!

MSM is one of the most critical nutrients that keep our bodies youthful, flexible and energetic.

Even beyond its proven benefits to arthritis sufferers to improve flexibility, lubricate joints and ease or even completely eliminate pain are a number of secondary benefits:

- **Better skin health and complexion**
- **A natural body detox**
- **Stronger hair and nails**
- **Faster healing**
- **An energy booster**
- **And even a powerful anti-inflammatory**

The doctor-formulated blend of MAX BLEND Joint Support contains the ideal amount of MSM for maximum pain-reducing results. As you begin taking MAX BLEND, you may notice significant changes in your flexibility and your level of energy.

Next, you’ll notice significant changes in your lifestyle — how you live life to the fullest every single day.

Turmeric: Nature’s Zero Side-Effect Fountain of Youth

It’s no surprise that the population of Asia experiences arthritis and other degenerative disease at a fraction of the US and the western world. So few suffer from it throughout India and Asia. It practically doesn’t exist. But why? What do they know that WE don’t know?

Perhaps their golden remedy is from their golden spice — turmeric. Make no mistake; turmeric isn’t simply a weak secondary remedy. It’s incredibly potent. Astonishingly powerful. In fact, many prominent physicians have referred to turmeric as:

“The most powerful herb on the planet at fighting and potentially reversing disease... It may be the most effective nutritional supplement in existence.”

Turmeric’s surprisingly effectiveness in pain alleviation and possible arthritis reversal is Curcumin — a powerful ingredient that controls inflammation at a molecular level. Yes, even more potent than many expensive prescription arthritis and anti-inflammatory drugs.

In fact, a recent study pits turmeric’s curcumin against a leading pain-reducing arthritis drug. **The winner: Patients taking Turmeric’s curcumin showed significant improvement over the heavy side-effect arthritis drugs.** Plus, it’s 100% safe — No dangerous side effects at all!

So, since turmeric is now known to alleviate arthritis pain and even reverse arthritis symptoms, by simply adding a little more curry to your diet, you should be good. Right? Not so fast. While adding turmeric to your foods can certainly help, it’s all about achieving the highest potency and the correct formulation. That’s where MAX BLEND Joint Support shines to provide the highest level of arthritis- and pain-fighting results.

**How Fast Will You Experience Positive Results?
Here's What Satisfied MAX BLEND Joint Support Users
Are Saying:**

More mobility and less stiffness after only two weeks

"I have just finished my first 30 day supply of MAX BLEND JOINT SUPPORT and I can really FEEL the difference. I have osteoarthritis and I have had injections, prescription medication, and there was no change in my condition! Since I have been taking this product, I have much more mobility and less stiffness after only two weeks. So, I am sold on it, so far. I am very optimistic about using my second 30 day supply. I really have faith in this product! Everyone should try it! I think you will be amazed as I was. And this is only the start!"

- Mark D.

Helps my joint pain and stiffness

"Without this product my knees will be aching and I will be walking like a 100 year old person. Continuous use helps my joint pain and stiffness."

- Amy S.

The savings more than pays for the product!

"It has worked so well that instead of chiropractic appointments every two weeks I can go 6 weeks or more between appointments. The savings more than pays for the product!"

- Don P.

I was so excited to walk upstairs without pain again!

"Three years ago I injured my right knee, which resulted in surgery eight months later. The surgery was unsuccessful. Then after another year I had to have a knee replacement. My left knee, which I always considered my bad knee, was extremely painful for years. Because of my knee replacement on the other knee, my left knee was flaring up. My doctor said I would have to have that knee replaced as well! My knee was loaded with arthritis and worn out, no way did I want to go through another knee replacement again. I tried Max Blend Joint Support and after the first 30 days My knee

was about 50% better. I was so excited to walk upstairs without pain again! After the second 30 day bottle, my knee was about 80% pain free. I am still taking the product and continue to get great results. Thanks for producing such a fine product."

- Angela M.

I have far less joint pain and stiffness, more mobility and flexibility and more energy as well.

"I suffer from chronic joint pain from arthritis. I have tried everything under the sun including chiropractic visits, going to my doctor to get useless prescription pain pills, swimming, injections, etc. The only thing, and I mean the only thing for me is taking Max Blend Joint Support by Sano BioSciences. I have been taking this consistently for 6 months now and I am more than happy with the results. It is the only thing on this green earth that has helped me. I have far less joint pain and stiffness, more mobility and flexibility and more energy as well. I can do things I care about like going for walks, riding my bike and most importantly playing with my grandchildren. If you have pain from arthritis, I highly recommend this product!"

- Ivan D.

I noticed a difference in one week's time.

"I blew out my back over 20 years ago and though I've learned to function the pain was getting worse and worse. I learned of Max Blend Joint Support from my chiropractor and starting taking it.

I have been on it for 6 months and have had great results. The inflammation in my back has decreased dramatically and I have much more mobility than I have had in many years. This is a long term product and should be viewed as such. I didn't start noticing big differences until after month 4, so don't give up after only one or two months. My chiropractor is blown away by the improvement and has started to recommend this product to other patients. I also found that taking it at night yielded the best results for me. I can hardly wait to see what I will feel like after being on this for a year.

After trying a couple different brands, I have found this product to be AMAZINGLY EFFECTIVE. I have noticed a difference in one weeks time. No more cracking bones, less joint pain and much more mobility! No wonder why they call it Max Blend, it has the best joint repair ingredients jam packed for maximum results. I will definitely keep taking this product! I am very happy with the results!"

- Amber C.

Just Imagine Your Life... Without the Pain, the Frustration, and the Lost Experiences.

Right now, as you read this page, you're simply looking for hope.
Hope that your pain and discomfort can be eased without a scary surgery.
Hope you can start living like you used to live without the side effects of expensive prescription drugs.
Hope that you can start living life to your full capacity — enjoying every moment and never having to say, "I wish I could, but I just can't."

Just imagine what's possible. Instead of enduring addictive prescription pills, a steroid injection that could cause irreversible harm or a costly surgery that could cost you even more, you simply take a daily supplement with a glass of water.

And that little supplement starts working tiny miracles inside your body.

It repairs and rebuilds your critical cartilage. It starts to reverse your joint health. It adds important lubrication to joints. It even produces flexible skin and muscle tissue.

Given a Few Days, Weeks or Months, You Start Noticing Changes. FEELING Changes.

You get out of bed and take a few steps before realizing you feel no pain whatsoever. You raise your hand to wave to a friend, and your shoulder feels fine. Maybe you take a long road trip without noticing any tired or stiff joints.

Over time, perhaps you take an aerobics class that you used to love. Or get your golf game back. Or start fishing again.

Before long, you've completely forgotten the pain. The grimacing. The fear and frustration. You're simply living just as you did BEFORE. Before the arthritis. Before the pain and discomfort. Before you settled.

This is the NEW YOU. And yes, not only is it possible. It's happening for people like you every single day thanks to MAX BLEND Joint Support!

Manufactured in The USA for Exemplary Quality Standards

In today's online world, the supplements you think you're getting may not be the supplements you receive. After all, far too many supplements are manufactured in countries with less strict (or almost ZERO) manufacturing and health regulations.

Such as China. Or Mexico. Or Canada. Nothing wrong with those countries. However, do a quick Google search for supplements originating from those countries, and you'll see far too many horror stories.

We are proud that **MAX BLEND Joint Support is made right here in the USA**. It is not now or will NEVER be outsourced to China or some other country. Sure, we could get our ingredients cheaper by sourcing outside of the US, but we would be putting our customers, our quality and our brand name at risk.

In addition to our 100% local sourcing and manufacturing, **MAX BLEND Joint Support has earned the rare and coveted Good Manufacturing Practice (GMP) designation**. GMP is a system that ensures products are consistently produced and controlled according to strict quality standards. When it comes to pharmaceuticals, it minimizes the risks involved and ensures thorough testing at every stage.

In short, **it means you can trust our product 100%**.

Get Your Life Back!

Yes, I want to put an end to my arthritis pain, stiffness and lack of mobility. I'm ready to live without pain and discomfort.

**GET YOUR FREE 30-DAY TRIAL
OF MAX BLEND JOINT SUPPORT!
-- Limited Time Offer: Order Now! --**

**TRY IT RISK FREE!
Unconditionally Backed By Our 30-Day Guarantee!**

We get it. You may have tried other prescriptions and other supplements and received little to no benefit. Why should you stick your neck out and try MAX BLEND Joint Support?

For starters, this doctor-formulated proprietary supplement blend has been tested and re-tested on countless arthritis patients. Plus, we've reviewed just about every arthritis supplement that exists — No other supplement blend combines the RIGHT combination of highly effective ingredients at the RIGHT dose for maximum results.

It's the only all-natural, doctor-formulated, quadruple-potent arthritis supplement that's made in the USA and simply WORKS!

However, if you try our 30-day supply of MAX BLEND Joint Support, and are unhappy with your results in any way, we encourage you to send it back for a full refund (minus shipping and handling). **That's our 100% commitment to our product and to its effectiveness.**

Please Note: There is no such thing as an overnight cure. It took decades and decades for your joints to first show signs of arthritis. You cannot expect to be completely pain-free in as few as 30 days. It has happened for some patients, but it is not typical.

If you truly want your arthritis symptoms of pain, stiffness and lack of mobility to decrease or even disappear altogether, we strongly suggest taking MAX BLEND Joint Support for a longer duration.

Get Your Life Back!
