## **Our Rest Comfortably Promise: Enjoy 100 Perfect Sleep-Filled Nights. Or Get Your Money Back.**

No more back aches when you wake. No more throwing the covers off because you’re hot. No more tossing and turning to get comfortable. Once you experience Sleep By Haven, you’ll never settle for another mattress.

### **Get Ready to Say “Aaaaaahhhh”.**

Layer #1: The top layer is where Haven mattresses shine. Made from world’s highest quality Talalay Latex Foam, it’s why people CRAVE sleeping on our mattresses. Larger cells and thicker walls mean better performance, strength and airflow. Get used to this comfort because your Haven mattress will last a decade or more. Plus, ZERO odor and ZERO flipping or turning it. Ever!

### **Fall in Love with Sleep Again.**

Layer #2: Let me introduce you to the term “cool comfort”. Most mattresses are design flaws. They retain heat keeping you hot, uncomfortable and sleeping less. Not Sleep By Haven. All night long air flows through this layer of gel-infused Memory Foam. Customers say, “It’s like sleeping on a cloud. A cool and comfy cloud.”

**Never Too Firm. Never Too Soft. “Just Right”.**

Layer #3: Spring mattresses have soft and hard spots. Air mattresses constantly lose air and support. And adjustable mattresses cost many THOUSANDS and still can’t deliver perfect comfort. We do. Our base layer of premium dense foam provides the perfect mix of firmness and softness. Ideal support. Ideal comfort. Ideal sleep — night after night after night.
