Who Says You Can't Still Turn Heads at 50 and Beyond?

From a Flawless Face to Luminous Skin,
Let Your Natural Beauty Shine Through

You ARE magnificent. As you age with grace, you know the best years are still ahead...

But there's still a part of you that wants the hands of time to slow down. Or better yet, to give you back that youthful attractiveness and energy you had in your 30s.

Back when you looked in the mirror and **LOVED the reflection staring back.** That supple, luminous and hydrated skin... hair of a model... amazing sexual vitality... and the energy and confidence to take on the world!

Do you remember?

Now, with each passing year, you see less of that stunning 35 year old... and more of your mother shining through.

Thankfully, *Female Total Health™*, today's groundbreaking 100% natural anti-aging supplement is proven to STOP (and even REVERSE) the hands of time.

YES, you can discover that youthful reflection once more! You'll actually watch your remarkable transformation unfold before your eyes. From tight, smooth and glowing skin... to the face, legs and arms of your youth... to enjoying better sex and greater energy than you've had in years!

By starting the *Female Total Health™* journey, it's not only possible... it's scientifically PROVEN. Here's why...

30 Earth-Born Ingredients Ignite Your 30-Day Transformation Back To Your 30s

Introducing The World's ONLY Truly Natural
and 100% Complete Supplement

It took many years... It took reams of scientific research...

But after testing hundreds of anti-aging solutions, we FINALLY discovered the **ONE doctor-formulated supplement** that comes closest to an **absolute “miracle worker”**.

Behold... ***Female Total Health™*** is here!

So, what makes *Female Total Health™* today's most potent and promising solution to slow down, stop and even REVERSE your signs of aging?

The secret lies in the **“Power of 30”** — 30 of the most extraordinary and all-natural ingredients that continuously deliver age-defying results. Starting Day One, these potent Earth extracts work in complete harmony for women over 50 — for YOU!

Because of these 30 amazing ingredients, you experience:

1) Incredibly Enhanced BEAUTY

AND

2) Incredibly FAST Results

In fact, in just 30 days from your first *Female Total Health™* routine, you can expect real results you'll both SEE and FEEL...

- **Your face:** Aglow and refreshed.
- **Your skin:** Hydrated, smooth and evenly toned.

- **Your hair and nails:** Gorgeous, shinier strands and stronger model-like nails.
- **Your sexual performance:** Like your honeymoon all over again!
- **Your energy, mood and vitality:** Go from 6am to midnight without ever slowing down!
- **Your sleep:** Be well rested and focused every minute of your day.

After trying the *Female Total Health™* routine for just 30 days, one of our customers told us...

“It’s like cheating Mother Nature.”

0% Risk — 100% Money Back Guarantee

In 30 days or less, you can start to
LOOK and FEEL younger...
Be more ENERGETIC and CONFIDENT...
And CRAVE and ENJOY PASSIONATE SEX!

If within 30 days you are not 100% happy
with how you look in the mirror,
please return the unused portion for a full,
no-questions-asked refund.

30 Age-Defying Ingredients... 15 Years In the Making... Meet Dr. Judith — The Brains Behind Female Total Health™

Dr. Judith always had a dream. As a Naturopathic Doctor trained in nutrition, herbal medicine, homeopathy, pharmacology and bio-energetics at the National University of Natural Medicine, she made it her goal to one day find that lightning in a bottle supplement.

One that would stop or even reverse the aging process of women all over the world. One that would become the most complete anti-aging women's supplement that produced near-miracle results.

She knew this supplement had to be 100% natural.
She knew it had to contain significant quantities of Earthly extracts.
And she knew it must have the most potent ingredients for maximum results.

But WHICH ingredients?

Dr. Judith spent YEARS researching, finding and testing ingredients. Vitamins. Minerals. Amino acids. Fruit extracts. Everything. Only the BEST ingredients were kept, the rest discarded.

Finally, after several years and several HUNDRED batches that didn't meet her strict expectations of results... she discovered the perfect combination of 30 ingredients!

These 30 ingredients yielded the most amazing results — Women in their 50s looking like they were in their 30s! Women in their 60s looking like they were 40-something!

Plus, with greater energy, better sexual health and days full of great moods and smiling faces, she knew these 30 ingredients were THE ONE! That's how *Female Total Health™* was born!

You'll ONLY Find These Amazing All-Natural Ingredients Here...

You'll Only Find Results Like These Here...

Vitamin C — Earth's "Miracle Worker"

Few vitamins offer as many youth-enhancing benefits as Vitamin C. As a potent antioxidant, it fights ultraviolet damage and aging toxins. Plus, vitamin C supports collagen production to keep your skin smooth and supple.

Because you lose this vital vitamin as you age, we provide 100% of your daily allowance — For 100% skin-glowing results!

Vitamin D — Enhance Your Mood and Your Life

Enjoy breakthrough energy and perpetual happiness — Morning, noon and night! Vitamin D not only takes your mood to greater levels, it protects your from disease while building your bones.

With each passing year, your ability to produce vitamin D SHRINKS! Thankfully, your skin, bones and body will soak up 1,250% of your daily value of this essential life enhancer.

Vitamin K — Bones of Steel

Vitamin K works with vitamin D to keep your bones calcium-rich and ready to take on the world. Even more, this important nutrient improves blood clotting and supports memory retention.

We proudly provide 133% of your daily value of vitamin K. So, walk, skip or run to your heart's content — your bones can take it!

Vitamin E — Fresh & Moist Skin Forever

Throughout your years, your skin has been exposed to harmful ultraviolet rays and air pollutants. Vitamin E is your secret damage REVERSER! With the proper amount of this vitamin, it addresses inflammation between skin cells.

The results of taking 1,333% of your daily value: Skin that's naturally moist, smooth and fresh looking at ANY age.

Zinc — Skin's Secret Weapon

Your skin craves zinc. Simply put, it ensures your most youthful, clearest and smoothest skin possible. Zinc creates proteins that become your skin's building blocks. Wounds heal faster — Inflammation is dissolved — Your skin will practically shine!

Take 100% of your daily zinc allowance and start turning back the hands of time.

Pomegranate — Vibrant Skin In Just Days

They'll ask behind your back, "What's HER secret?" Pomegranate, of course! This miracle fruit rewinds your skin's age — keeping skin cells plump and your skin tight and smooth. Pomegranate protects against UVB damage, defeats inflammation and supports a strong immune response.

Even more, pomegranate keeps you looking and feeling great by its ability to maintain healthy weight and balance triglyceride and glucose levels. You'll be amazed at what 200mg a day will do for your youthful appearance!

Turmeric — The Super Food For A Healthy Glow

Hey Baby Face... Turmeric might be the answer to looking 10, 15, even 20 years younger! An ancient root from India, this potent antioxidant provides a healthy balance of microflora on the skin — giving your face, legs and arms that healthy glow! A recent study also proved this amazing root also supports breast health.

You'll be amazed how 62.5mg taken daily can provide that skin glow that you crave.

Soybean Extract — Better Sex, Better Skin

Wow — This little bean works wonders! Women everywhere are discovering the powerful phytoestrogenic components of soybean extract. Smooth, elastic skin that's moisture-rich and attractive at any age. Beyond your skin, this potent extract binds to estrogen receptors in the body creating fuller and highly moist vaginal tissues as well. (It even enhances brain function!

Providing a full 50mg daily, you'll enjoy skin that looks 20 years younger (and enjoy sex that feels like it did 20 years ago!)

Silicon — Amazing Hair, Nails and Skin Await

As we age, we lose our ability to produce silicon. The result: Brittle nails, less hair and aging skin. No more! By adding this important trace mineral, it stimulates collagen synthesis. Not only is your skin fresh and new, your nails always have a "new manicure" appearance and a "bad hair day" just isn't possible.

Take just 10mg of silicon a day and reap the rewards of a more youthful appearance throughout your body!

Magnesium — Faster, Sounder Sleep

Night time slumber has never been easier. Thanks to the "sleep magic" found in the macromineral magnesium, tensions in your muscles will be put at ease. The result: Full nights of peaceful sleep. Awake refreshed and more energetic while feeling (and looking) years younger.

Beyond it's sleep-inducing qualities, magnesium promotes normal bowel movements, soothes nervous tension, and prevents bone loss.

Calcium — Beyond Bone Health

You may think you know calcium. Think again. This macromineral is essential for women over 50. Yes, it supports incredible bone health. Plus, it also allows for normal functioning of muscles like the heart.

Most women don't take this important macromineral correctly. It works best when taken in combination with vitamin D and K — just as we provide.

Biotin (Vitamin H) — Your Skin, Hair & Nails Will Thank You

In their middle age years, women tend to start losing hair, have dry and scaly skin as well as thin, brittle nails. No More! Taking the right dose of this B vitamin complex, will work wonders! Your hair: Fuller. Your skin: Soft and smooth. Your nails: Long and strong!

While your outward appearance will look years younger, you'll also enjoy a burst of energy and a better night's sleep.

Pantethine (Vitamin B5) — An Abundance of Energy and Sexual Desire

Few women know the multitude of secrets behind this potent vitamin. First, it feeds the adrenal glands giving you the energy of a college student! Next, it promotes the creation of DHEA — essential for the production of estrogen for the growth of new cells for stronger vaginal tissue.

Our patented formula provides the perfect amount of pantethine for optimal energy and the sexual health of a 35 year old!

Phytosterol Complex — Amazing Sexual Performance

Once the ovaries shut down, your body's sex hormones plummet. Thankfully, the plant sterol of phytosterol complex is a little-known but extremely potent remedy to this common problem. The results: Better sexual health that will re-kindle that fire for many, many years!

Iodine — Get More Done Daily

Never crash again at 3PM or 7PM (maybe even Midnight!) Iodine is an essential component of the thyroid hormone that's key in maintaining your metabolism, body temperature and energy.

Beyond giving you an abundance of energy, iodine supports healthy breast tissue, skin moisture, thick hair and mental alertness.

Selenium — Optimal Energy

One of nature's most potent antioxidants, selenium erases free radical damage. Poor diet? Exposure to sun or toxins? Selenium helps turn back the hands of time by promoting healthy cell life cycles, boosting immunity and optimizing your level of energy.

Benefit from 100% of your daily allowance of this incredible energy enhancer.

Copper — Beautiful, Collagen-Infused Skin

Once you start adding this essential trace mineral to your daily routine, you literally see and feel the results! Critical for building strong tissues, copper aids in strong brain processing and the production of collagen for unforgettable, youthful skin.

Our proven 30-ingredient formula provides 100% of the daily copper you need.

Manganese — Even MORE Skin Protection

Regain the face, legs and arms of your youth! Manganese is a collagen-producing powerhouse. Start taking 100% of your daily requirement and relish the benefits of stronger, healthier, more vibrant skin that stands up to the harshest UV rays.

Chromium — Extra Energy and Vitality

By assisting the function of insulin, sugar is optimally processed in your body. This results in a rush of energy that's unmistakable.

Yes, just 13mcg of this potent mineral kick starts a whole new level of energy that serves you all day long!

Molybdenum — Feel Like Yourself

Don't let toxins of medications zap your energy, kill your mood or affect your livelihood. Molybdenum is a critical component that helps metabolize your food.

Not only will your energy skyrocket to new heights, your blood will be cleaner and flow smoother.

Thiamine (B1), Riboflavin (B2), Niacin (B3) and Vitamins B6 and B12 — Greater Focus, Energy and Motivation

This complex of B vitamins is your NEW morning coffee. With this vitamin combination coursing through your veins, you'll be smiling and high on energy from morning to night! Women over 50 tend to lack these essential vitamins resulting in low energy and low focus as well as high anxiety and high blood pressure.

Thankfully, our daily dose of these B vitamins ensures you will maintain an abundance of energy, focus and results every single day.

Folic Acid (Vitamin B9) — Nature's Body Cleanser

This vital B vitamin assists with the detoxification of your liver. As a result, you can expect more beautiful skin, more balanced hormones, as well as greater sharpness, memory and mood. Everything you drink, eat and breathe goes through the liver — adding folic acid to your daily routine provides an extra “filter” for a more pure body and life!

Quercetin — Better Breast and Ovarian Health

This little-known bioflavonoid is an antioxidant that maintains the health of cell membranes and fights harmful free radicals. Not only does quercetin protect your heart, it maintains breast and ovarian health.

Boron — Your Sexual Secret

Shhhh... Practically nobody knows about this powerful mineral that works with calcium and magnesium to support bone strength. Beyond bone strength, research has shown boron to stop sex hormones from breaking down in the body.

No matter your age, taking 1.5mg of this potent mineral can considerably improve your sexual performance and even your desire for sex.

Vanadium — Look Great Naked

Want to know the secret to a stronger, tighter body? Water. Yes, water! The mineral vanadium keeps your body looking stunning by regulating water balance. Use this mineral in connection with a weight training program and tone your arms, legs and abs like a 30 year old!

Tin — The Sexually-Active Woman's Secret

Never settle for infrequent sex or boring sex again. Few women know about this sexually-potent trace mineral. But the ones who do... Wow!

Independent research has shown that the ovaries, uterus and adrenal glands need high levels of tin. Our exclusive 30-ingredient formula packs 100mcg into your daily needs.

Nickel — Never Run Out of Energy

Imagine... the minute your eyes open in the morning, you bounce out of bed and attack the day. All of your goals — DONE. That's the power of adding nickel to your daily routine.

Strontium — Solid Bones for Life

As women age and their estrogen levels drop, bone density can seriously decrease. One little fall can shatter your bones. Strontium is an element that encourages long-term bone health. So, run and jump as much as you want — your bones can take it!

Cobalt — Your Perfect Complexion

While millions of women over 50 are settling for dry, pale and aging skin... you strive for a different result! Glowing skin with a vibrant, healthy color. It's all possible by introducing Cobalt to your daily routine.

Bound to vitamin B12, research has shown cobalt's ability to promote the shape of red blood cells. This results in more oxygen carried throughout your body — hence, a color and complexion that turns heads!

FAQs

How fast can I REALLY expect results?

Every woman is different. Depending on how your body reacts to this potent 30-ingredient supplement, you could start seeing and feeling results as soon as the first 30 days! Of course, we offer a 30-Day Money-Back Guarantee which should give you peace of mind.

Is *Female Total Health*TM safe?

Absolutely. We took special attention in combining 100% all-natural ingredients including vitamins, minerals, fruit extracts and amino acids. These potent, yet harmless ingredients are well within the recommended daily guidelines as long as you do not exceed the suggested dosage.

Are there any side effects?

Our main goal is the safety of our customers. We made sure we carefully selected ingredients that did NOT cause any minor or major side effects. The only side effect you may experience is a sense of elation regarding your seemingly younger you!

How many capsules do I take?

You should take 8 *Female Total Health*TM capsules. While that sounds like a lot, remember that it's replacing every other vitamin, supplement, lotion, potion, cream and remedy that you previously took. Plus, this is how we can guarantee that it's the world's

ONLY 100% complete women's supplement.

What if I miss a dose?

Rest assured, this is not a medicine. You can miss a dose here or there. There are no adverse side effects as a result. However, to ensure maximum beauty, energy and sexual health results, we strongly urge you to keep *Female Total Health™* as part of your daily routine.

I'm not over 50 years old. Should I take Female Total Health™?

Absolutely! Yes, we designed this extraordinary supplement to target the aging problems of people over 50 years old. However, this product supports age-defying beauty in any adult. In fact, the younger you start, the better you'll look when you do reach that half century mark.

I'm a man. Can I take Female Total Health™?

While this supplement does contain 30 ingredients that are designed to maximize a woman's beauty, energy and vitality, men can benefit as well. We have had several men achieve remarkable results in their skin, hair, nails, energy and even their libido after taking our supplement.

Will I gain weight with Female Total Health™?

Just the opposite! You may lose weight. We've found that because many of the ingredients will give you a boost of energy, you may find yourself exercising more and sweating away pounds! Plus, because other ingredients target your metabolism, you may just burn up more calories faster!

Is Female Total Health™ addictive?

No. Because our supplement is all-natural, it is not habit-forming or harmful in any way. You can easily stop your *Female Total Health™* routine at any time.

Is Female Total Health™ a stimulant?

No. There are zero stimulants found in the 30-ingredient list. In fact, several of our ingredients are designed to promote a good night's rest.

Is this product all-natural? Is it gluten-free?

Yes and yes!

Where should I store my Female Total Health™?

Just about anywhere. These supplements do not need to be refrigerated. However, they should be kept in a cool and dry place that's away from children.

We suggest keeping them in a place where you'll always remember to take them. Maybe at your office, in your purse, or on the bathroom or kitchen counter.
